VOLUME CVI.---NO 103. ALEXANDRIA, VA., TUESDAY EVENING, MAY 2, 1905. PRICE 2 CENTS.

Let go or die. That's the alternative of the shipwrecked man with the money bags. A great many people have a like alternative before them. Business men come to a point where the doctor tells them that they must "let go or die." Probably he advised a sea voyage or mountain air. There's an obstinate cough that won't be shaken off. The lungs are weak and perhaps bleeding. There is emaciation and other symptoms of disease, which if unskilfully or improperly treated terminate in consumption.

Thousands of men and women in a like condition have found complete healing by the use of Dr. Pierce's Golden Medical Discovery.

"It gives me pleasure to send you this testimonial so that some other poor sufferer may be saved, as I was, by Dr. Pierce's Golden Medical Discovery," writes Geo. A. Thompson, of Sheldon Ave., Chatham, Ont., Canada. "I had a cough for years, expectorated a great deal, and was slowly failing. Was losing flesh every day. Lost in weight from 150 pounds down to 128. My flesh got soft and I had no strength. Did not say anything to any one but made up my mind that the end was not far off. One day my wife was reading in the 'Common Sense Medical Adviser' about Dr. Pierce's Golden Medical Discovery, and I said, *that* sounds more like common sense than anything else that I had heard. I at once bought a bottle of your famous remedy and before I had taken half of one bottle I felt better. Took thirteen bottles and it made a new man of me. I gained sixteen pounds and never have had a cough since. I feel splendid and give all the credit to your medicine."

Given away. The People's Common Sense Medical Adviser is sent free on receipt of stamps to pay expense of mailing *only*. The book contains 1008 pages, over 700 illustrations and several colored plates. Send 21 one-cent stamps for the paper-bound book, or 31 stamps for the cloth bound. Address Dr. R. V. Pierce, Buffalo, N. Y.

Pierce's Pleasant Pellets cure bad, foul stomach and constipation and so *help* to cure nearly every disease of mankind. They regulate, tone up and invigorate Stomach, Liver and Bowels.

Manassas a Dry Town.

For the first time in its history Manassas is without a licensed barroom. The temperance majority in the town council won the fight against the liquor business, and, with the expiration of liquor licenses on the last day of April, Manassas became a dry town

The charter of the town provides that applicants for liquor licenses shall be recommended by the town council before the court can consider applications for license, and seven out of the eleven members of the council have persistently voted against recommending any one of the seven applicants for license to the Circuit Court.

The town is likely to remain dry while the present council is in office, though it is rumored that three of the dry members of the council have been won over to the liquor side, and that the necessary recommendations will be granted at the next regular meeting, or at a called meeting of the council. This, however, is not likely, because all of the members of the council opposed to the granting of licenses are members of the Anti-Saloon League, and they went into the fight with the understanding that they would all stand together in the position they had taken on the question.

All the bars did a rushing business Saturday night. Leary & Bro. sold their entire stock of liquors at public auction. Drinks were sold to the highest bidder, and late Saturday night drunken negroes caused much disorder in the town. Special Policeman John Rector was hurt by being hit with a brick in an endeavor to arrest several negroes who were fighting. Several shots were fired at Mr. Rector by the negroes. Mr. Lynch went to the assistance of Mr. Rector, and he was also injured by the negroes, who made their escape.

Body of Boy Buried.

The body of Ralph Smith was yesterday consigned to the grave the second time in Richmond. At the autopsy, in behalf of the counsel for the defense, the bruises on the little body were photographed and parts of the internal organs analyzed under the microscope for evidences that the boy was a degenerate, as charged by his mother. The autopsy is expected to have strong bearing on the mother's claim that she beat him to break him of a vile habit.

Mrs. Estelle Smith, who, it was thought, would have to bear this trial alone, has influential friends who have risen up in her behalf, and some able lawyers are working hard in her interest. One of her brothers (Dr. Charles Townsend) is a wealthy physician of New York, and has come to her rescue. Her husband, Shepherd K. Smith, who denied his identity when arrested in New York, has been fully identified, and is on the way to Richmond to share with his wife the charge of murdering their boy.

All along she has shown more concern for her husband's welfare than for her own, and has uttered no word to implicate him. She married Smith against the wishes of her family and friends, and has lived with him in poverty rather than go to a comfortable home without him.

Shepherd Smith was indicted by the grand jury of the Hustings Court of Richmond yesterday for larceny, he having failed, it is charged, to deposit $80 belonging to his employer, with which amount he was intrusted the day of his disappearance.

Murderer Secured Twelve Dollars.

Edward Pekarz, a Bohemian, aged 25, was arrested in New York yesterday for the murder of Mrs. Sarah Rosenberg, whose body, with the head beaten in, was found at her home in east One Hundred and First street, last Saturday. The woman, who was 75 years of age, had been dead for several days. Pekarz formerly boarded with the woman. The police say that he has admitted that he killed Mrs. Rosenberg for the money she had in the house. He believed she had a considerable sum, but he found only $12. Pekarz gave the following account of the murder: First he caught hold of the old woman by both arms and threw her violently down upon the bed Then he dealt her half a dozen crushing blows upon the forehead with a heavy riveting hammer, which he had brought with him. But his victim still betrayed signs of life, and Pekarz therefore thrust a long-bladed knife twice into her throat. Both the knife and the hammer were afterward found in the room, the murderer in his timorous haste having neglected to conceal them. From the wallet which Mrs. Rosenburg had hidden in the bosom of her dress Pekarz obtained $12, and with this as the sole fruits of the murder he made off. He said that he had been having a good time since committing the deed and only commiserated the fact that he did not have at least a day or two to enjoy his liberty. One matter alone seemed to interest him: How soon was he to die?

Hot Weather Piles.

Persons afflicted with Piles should be careful at this season of the year. Hot weather and bad drinking water contribute to the conditions which make Piles more painful and dangerous. DeWitt's Witch Hazel Salve stops the pain, draws out the soreness and cures. Get the genuine, bearing the name of E. C. DeWitt & Co.

CLEANLY WOMAN.

Erroneously Thinks by Scouring Her Scalp That She Cures Dandruff.

Cleanly woman has an erroneous idea that by scouring the scalp, which removes the dandruff scales, she is curing the dandruff. She may wash her scalp every day, and yet have dandruff her life long, accompanied by falling hair, too. The only way in the world to cure dandruff is to kill the dandruff germ, and there is no hair preparation that will do that but Newbro's Herpicide. Herpicide by killing the dandruff germ, leaves the hair free to grow as healthy Nature intended. Destroy the cause you remove the effect. Kill the dandruff germ with Herpicide. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Says Man Can Live Forever.

Treating lightly the habit of dying, to which men have been slaves for thousands of years, Harry Gaze, of London, told a small company of persons gathered in Odd Fellows' Temple in Philadelphia Monday night that they could live forever if they would just apply their minds to the effort. Gaze is the author of a book entitled "How to Live Forever." Anxious to propagate his theories as to everlasting physical life, he is making a lecturing tour in this country. "Practical psychology, rejuvenating diet and regenerative life" are the first principles in Gaze's scheme. He holds up perpetual youth as being so easy of attainment that one is foolish to grow old If one is old he can regain youth, and if he doesn't like his body he can, by giving thought to the matter, transform it into any mold of form and cast of features that he desires. Thus he can get rid of any defects that happen to mar his beauty or attractiveness. Gaze would get rid of the death of the body by dying littly by little, an atomic or "up-to-date" death, as he described it, while that "rejuvenative diet" and "regenerative life" get in their work by building up the body, replacing the dead atoms, as they are given off, with new ones. Control over the subconscious soul that governs the rebuilding of life is all that is necessary.

Man's Reasonableness

is often as great as women's. But Thos. S. Austin, Mgr. of the "Republican," of Leavenworth, Ind., was not unreasonable, when he refused to allow the doctors to operate on his wife for female trouble. "Instead," he says, "we concluded to try Electric Bitters. My wife was then so sick she could hardly leave her bed, and five [5] physicians had failed to relieve her. After taking Electric Bitters she was perfectly cured and can now perform all her household duties." Guaranteed by E. S. Leadbeater & Sons, druggists, price 50c.

Taking Desperate Chances.

It is true that many contract colds and recover from them without taking any precaution or treatment, and a knowledge of this fact leads others to take their chances instead of giving their colds the needed attention. It should be borne in mind that every cold weakens the lungs, lowers the vitality, makes the system less able to withstand each succeeding cold and paves the way for more serious diseases. Can you afford to take such desperate chances when Chamberlain's Cough Remedy, famous for its cure of colds, can be had for a trifle? For sale by Gibson & Timman and W. F. Creighton & Co.

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

TUESDAY EVENING, MAY 2, 1905.

TREASURY experts and politicians interested in preventing changes in the present tariff law are busy planning methods of raising revenue by an increase of internal taxation, so as to have a plan for meeting the present deficit fully formed when Congress assembles, with a view to averting tariff revision. Revival of those forms of taxation which provided such abundant revenues during the Spanish war period has been suggested. A tax upon bank checks and on all negotiable paper is regarded as certain to give the government all the money it will need in the near future. It is plain that there must be revenue legislation at the coming session of Congress. If internal revenue taxes are not increased the tariff must be lowered. It is this alternative that causes all the commotion, for the indications are that the tariff question would divide the republican strength into faction. Tarift revisionists in the party believe the President will declare himself in favor of revision in his message. It is known he intended to suggest a readjustment of the schedules in his last message, but was dissuaded because of the obvious impossibility of tarift legislation in a short session. If the President recommends a lowering of duties, then the stand-patters will offer as a substitute for the suggestion a proposition to revive at lease some of the war taxes. The monthly comparative statement of the government receipts and expenditures shows that for April, 1905, receipts were $39,778,181 and expenditures $48,989,686, leaving a deficit of $9,211,419. As compared with April of last year, receipts show $1,751,240 decrease, and expenditures, an increase of $1,979,336, making a difference for the month of $3,730,576.

DISPATCHES from large cities in the United States and Europe express gratification over the fact that yesterday (May 1st) passed away with but few disturbances. There is no good reason why serenity should not have been its natural accompaniment. The mellow sun of May, the appearance of early fruits of the ground, the passing away of a dreary winter and the many harbingers of approaching summer, should be calculated to inspire a spirit of thanksgiving instead of rioting, chambering and ill-nature. Civilization is already saddled with days which are rendered abhorrent to quiet people. This country is approaching now one which is generally observed by causing ear-splitting noises, and rendering a large majority miserable, to say nothing of the many disorders and accidents which fill the papers the following days.

THE Vienna Medical Society, after gathering statistics on the relation of alcohol to crime, concludes that the latter increases in proportion to the consumption of the former, and that Sunday, which is the great pleasure day of the continent, is the principal crime day. In Vienna 254 crimes on the average are reported every Sunday, most of which are due to the excessive use of alcohol.

THE New York Stock Exchange on Saturday evening reported a selling panic for no visible reason. But selling is a necessary accompaniment of buying. When the buyers get through—and they cannot keep on buying indefinitely—then the mere fact of the cessation of buying forces a selling. These are the inevitable fluctuations to which exchanges owe their existence.

REV. MADISON PETERS, of Philadelphia, in criticising the critics of John D. Rockefeller in his sermon on Sunday said: "If the churches are going to make sure that no tainted money gets into the Lord's treasury, they will get so little that the richest churches, at least, would soon close up." And there is much truth in what the reverend gentleman says.

IT IS estimated that the increase in price of beef trust products bring in $300,000 more weekly. That this sum is paid by the consumers is apparent from the advance of 2 and 3 cents a pound in the retail prices and of 5 cents on the resaturant orlers. Shortage of cattle supply in the West is given out as the cause or higher prices.

REAR ADMIRAL MELVILLE says that "for the proper protection of our foreign possessions it would be necessary to increase the navy three-fold," at a cost of $600,000,000. It is hoped that later on he will enlighten us as to the naval force necessary when we have assimilated South America and the rest of the world.

AT the opening of business yesterday ten months of the current fisical year ended with a deficit of upwards of $34,000,000 in the government treasury. Still no government officials has yet suggested a curtailment of expenses while all are endeavoring to find means of raising revenue from the people.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, D. C., May 2.

The United States government has addressed a note to all the neutral powers interested, and to China, relative to the observance of neutrality by China in regard to the two Russian war vessels which are interned at Shanghai where they put in for refuge and were subsequently dismantled under the rules of international law. Recent reports have led the Japanese government to believe that one of these, the cruiser Askold, and perhaps both, were being secretly refitted with the object of slipping out and joining Admiral Rojestvensky's fleet. Such a procedure would be a grave breach of international law. Japan has written an urgent note to China on the subject and has called the attention of this government to it. Acting on the request of the Japanese Minister here the United States has forwarded the Japanese representation on the subject to the other governments interested and has particularly called the attention of China to the necessity of preventing the escape of the Russian vessels.

A monument to American nurses who gave up their lives as a result of their labor during the Spanish war, was unveiled at Arlington National Cemetery this afternoon. Funds for the memorial were raised entirely among the membership of the National Association of the Spanish-American War Nurses, which is now in annual convention here. The delegates attended the unveiling in a body. Dr. Anita Newcomb McGee, president of the association, made an address prior to the unveiling by her daughter, Miss Klotho McGee. The orator of the day was Mrs. Donald McLean. Addresses were also made by Chaplain Pierce, of Fort Myer, and George Dudley, chaplain of the Spanish-American War Veterans.

Justice Wright this morning, on the appearance of George W. Beavers, former chief of the salaries and allowannces division of the Postoffice Department, under indictment for conspiracy, accepted temporarily the $20,000 bond under which he was held in New York, granting him until Thursday to get local bondsmen. Beavers will be arraigned on that day. Later—Beavers appeared again this afternoon before Judge Wright, and offered Samuel H. Walker, of Washington, as bondsman. He was then arraigned and pleaded not guilty to the six indictments pending against him, the court extending to him the privilege of filing demurers later.

Baroness Otto de Vorte St. George, who has at different times called herself, Baroness De Witz and de Salmo, who was arrested in New York, charged with the larceny of clothing from Mrs. William Slater of this city, while serving as her maid, was brought to the Emergency Hospital this morning suffering from hysteria The case against her will be the subject of a grand jury investigation.

Minister Barret at Panama has sent a report to the State Department confirming the press dispatches regarding the purchase by the Peruvian government of yacht "Veronique," which was used by the Earl Fitzwilliam in his recent disastrous search for buried treasure on the island of Cocos. The price paid was $150,000. The name of the vessel has been changed to "Iquitos" and the Peruvian government has sent a crew to convey her to Callao.

The Superintendents of Training Schools for Nurses at the eleventh annual convention being held here, this morning elected Miss Annie W. Goodrich, of New York, president.

Consul General Gummere at the court of the Sultan of Morocco reports to the State Department that the bandit Raisouli last year who captured and held hostages Ion Perdicaris and his nephew Varley, has been appointed by the Sultan governor of the district of Fahs, which immediately surrounds and dominates the city of Tangier, its confines reaching almost up to the gates of that place.

It was learned today that one of the reasons, if not the principal reason, why the President curtailed his hunting trip was for the purpose of greeting the foreign delegates to the International Railway Congress, which will be in session here from May 4 to 13 inclusive. According to the revised plans, the President will arrive in Washington Friday morning, May 12. On that afternoon Mrs. Roosevelt will give a tea for the members of the Congress at the White house, at which the President will, of course, be present. The Railway Appliance Exhibit, which is to be conducted in connection with the Congress, will open tomorrow noon on the Washington monument grounds. Secretary Taft and other government officials will make brief addresses. Vice President Fairbanks will make the address of welcome to the delegates at the initial meeting of the Congress on Thursday morning.

The State Department was today informed that Minister Bowen sailed from La Guaira yesterday, on his way home from Venezuela in response to the President's instructions that he should come here and present whatever evidence he has to substantiate his charges against the official integrity of Assistant Secretary of State Loomis. The information came from the cable company together with the statement that it had been unable to communicate to Minister Bowen the message from Secretary Taft authorizing him to delay his departure from Caracas for another week so that he might have plenty of time to wind up his affairs there.

Anarchists in France.

Labor Day was observed throughout France yesterday. The trades unions of Paris held a monster meeting and adopted resolutions in favor of an eight-hour day. Disorderly manifestations occurred at Brest and St. Etienne, where the street cars were stopped. The demonstrations at Toulon assumed a threatening aspect. Anarchists marched in a procession, carrying a red flag, chanting a revolutionary hymn and bearing a banner inscribed: "Remember the victims of capital at Chicago, Limoges and Martinique." An affray occurred in front of the naval arsenal, during which several workmen were slightly injured.

Knights of Columbus.

The State convention of the Knights of Columbus met in Lynchburg yesterday in annual meeting. Delegates are present from all of the councils in the State, and State Deputy D. J. Callahan, of Norfolk, presided. The business session was held during yesterday afternoon, and last night degrees were conferred upon 30 candidates and there was a banquet at the Hotel Carroll.

The obligations of both firms, who, collectively, owed $12,000,000, have been liquidated, with interest.

The strike in Chicago assumed alarming proportions yesterday. The strikers were much incensed at the arrival of 1,500 non-union men, and many acts of violence were committed. Late yesterday afternoon the Employers' Teaming Association purchased one thousand rifles, and proceeded to arm their drivers and guards with them. President Roosevelt has agreed to give the striking teamsters an opportunity to present their petition when he arrives in Chicao on May 10.

A panic occurred in the cathedral at Baku, Russian Trans-Caucasia, yesterday during a service which was attended by the Governor General. The people made a wild rush for the doors. The police had been alarmed and they surrounded the place as the people were rushing out. Several naval cadets were placed under arrest.

Mr. Kent was 76 years old last November, and was lieutenant-governor of Virginia under Governor O'Ferrall's administration. He was for many years a member of the state legislature and was a member of the secession convention in 1860.

The Governor's Proclamation.

Governor Montague yesterday issued the following proclamation concerning the death of General Fitzhugh Lee:

A beloved son of Virginia has fallen in the midst of his labors and usefulness, crowned with honors.

Fitzhugh Lee is no more.

The announcement of his death has brought sorrow to the hearts of the people of the Commonwealth, whom he loved devotedly and served faithfully and courageously in peace and in war.

It was his lot to be called upon to act for his country in many positions of great responsibility and magnitude, the duties of which required diverse and exalted qualities of mind and heart for their faithful and efficient performance. With an inherited conception of duty and a versatility of talent which has been unsurpassed, he discharged with marked ability all the duties imposed upon him.

As an officer of the United States army from 1853 to 1861, when he experienced active service in the Indian wars; as an officer of Virginia and of the Confederate States in the war between the States he commanded a regiment, a brigade, a division of cavalry, and afterwards the entire cavalry of the Army of Northern Virginia; and again as a general officer and corps commander of the United States army in the war between the United States and Spain, he exhibited such qualities of a soldier, and such traits of character as won for him immortal fame.

As governor of this commonwealth, at an important period, he commanded and deserved the commendation, approval and love of her people. As United States collector of internal revenue for the Sixth district of Virginia and other civil positions of trust and honor he was faithful and efficient.

THE LATE GENERAL LEE.

The funeral train from Washington bearing the body of Gen. Fitzhugh Lee reached Richmond soon after 5 o'clock yesterday evening and was met at the depot by the military of Richmond, Confederate Camps, Daughters of the Confederacy, Sons of Veterans and State and city officials.

The body was placed on a caisson, draped with black and drawn by six black horses. The band of the Richmond Light Infantry Blues led the procession, which was composed of the Seventieth Virginia Regiment, Richmond Light Infantry Blues, Richmond Howitzers, veterans of Lee and Pickett Camps and the State and city authorities. From the depot to the City Hall, a distance of a mile and a half, the people formed an unbroken wall, while from the fronts of many houses emblems of mourning were hung. The City Hall itself was deeply draped with black above the entrances and in the rotunda, where the body was placed and where it will lie in state, guarded by details from the Richmond military and the Confederate Veterans, until the hour set for the funeral.

Hundreds passed through the rotunda during the evening and gazed on the dead face so well known in life to almost every Virginian.

The casket is hidden by masses of flowers contributed by friends from far and near. From Washington to Richmond every town and hamlet contributed its throng of silent watchers as the funeral train sped by. In Fredericksburg all business was suspended and the bells tolled for an hour.

When consul-general of the United States at Havana, Cuba, during the critical period just preceding the war with Spain, he had to deal with questions of novelty and great moment, requiring quick and decisive action, clear intelligence, sound judgment and the highest order of moral and personal courage. He in every instance measured up to the demands of those times of trial, difficulty and danger, and he won the grateful and affectionate admiration of his countrymen.

He fell, as he wanted to fall, in the discharge of duty, crowned with honor and fame.

At the time of his death he was applying himself with energy, enthusiasm and conspicuous effectiveness to the patriotic work he had undertaken as president of the Jamestown Exposition Company, which work had occupied his time for the past two years. In this, as in all other posts of trust and honor, he earned and received the approval of his countrymen.

Virginia mourns the death of her illustrious son, and, in her name, and as her chief executive, I make this reference to his distinguished services to her and to his country, and in further recognition of those services, it is directed—

First, That the State library building and the building in which the governor's office is now temporarily located, be appropriately draped in mourning.

Second, That the offices of all the executive and administrative officers be closed throughout the day on which General Lee's funeral shall take place.

The superintendent of grounds and buildings will see that these orders are carried into effect.

Mrs. Rhea and Miss Virginia Lee, daughters of Gen. Lee, have arrived in Richmond, and Lieut. George Mason Lee is on the way from San Francisco.

A large number of honorary pallbearers have been selected, including representatives from the State, city of Richmond, the Confederate Veterans, Sons of Veterans, the militia, &c.

Lieut. U. S. Grant 3d, a grandson of General Grant, who is stationed in Washington with the Engineer Corps, which formed a part of the escort, in that city yesterday, was the adjutant of the escort in charge of the general arrangements from the church to the depot and the disposition of the military and civic organizations in the escort.

Richmond, Va., May 2.—It was determined this morning that the funeral of General Fitzhugh Lee will take place from St. Paul's Episcopal Church, at one o'clock Thursday, and the burial in Hollywood Cemetery will immediately follow. Bishop A. M. Randolph will officiate and will be assisted by clergymen whose names are not yet announced. Lieut. George Mason Lee, U. S. A., who is enroute from San Francisco, telegraphed this morning that he would reach Washington at one o'clock tomorrow afternoon, and would be in Richmond tomorrow night. Lieut. Fitzhugh Lee, another son, cabled from Manila last night that he will sail for America May 15 and arrive home about Juue 20. General Lee's body remains in the rotunda of the city hall and will lie in state until a short while before the funeral.

A constant stream of people passed beside the bier. The funeral of General Lee will be most imposing in the South since the interment of the body of Jefferson Davis here.

Companies of the Seventieth regiment, State militia, will be here from Lynchburg, Danville, Culpeper, Staunton, Charlottesville and perhaps other points.

The railroads are making announcements of reduced fares from points in Virginia and adjourning southern States.

At a meeting of the general committee in charge of the arrangements this morning, Mayor McCarthy was designated to ask the proper federal authorities, at Washington, to permit the attendance at the funeral of the marine band, and of the government band, located at the Soldiers' Home of Hampton. J. A. Taylor, colored, offered the committee the services of the municipal brass and Reed band, of Richmond, composed of colored musicians. The committee directed the secretary to express its thanks with the statement that provision for music had already been made.

General Lee's body is in good state of preservation, though the face is discolored.

Governor Montague is very weak, but is slightly better today.

The funeral of Gen. Lee will take place at 1 p. m., Thursday, and the remains will be laid to rest in Hollywood, on the site selected near the Jefferson Davis section. Thousands of people have passed and reviewed the distinguished dead today and a steady stream is still moving. Out of town camps and military companies are expected today and tomorrow.

The torpedo boat destroyer Sirene went ashore today on Bere Island, in Bantry Bay, on the southwest coast of Ireland, and was nearly broken in two. The crew was rescued.

Today's Telegraphic News

The Troubles in Warsaw.

Warsaw, May 2.—Another general strike will probably be the outcome of yesterday's firing on the people by the troops. Workingmen are making a great effort to take advantage of the anger of the populace, which was aroused by the bloodshed, to inaugurate another season of strikes and disorder. Fears are expressed that the clashes of yesterday are only the beginning, and that there will be further bloodshed.

Today delegations of workingmen from the number who were fired upon yesterday began visiting all the factories in the city. Appeals were made to the employes at each place visited, urging them to lay down their tools and go out on a strike. The hope of the committees is to tie up all lines of industry with a general strike. Just how successful they will be cannot be told at this time.

The authorities here regard tomorrow as a day to be feared and they dread a renewal of the conflict between the populace and soldiers at that time. The casualties resulting from the clashes yesterday are estimated at fifty civilians, three cossacks and two policemen killed, while the number of wounded is estimated at over 100.

It is doubtful whether these figures give the entire list of killed, however. Many of the men shot down were carried away by their friends, and as there is danger of arrest for any of the wounded every effort will be made to conceal their identity.

A report has been received from Kalisz, Poland, that soldiers broke into a church where the people were singing patriotic songs, and attacked them without cause. Several of the people were killed outright, while many others were injured. The church has been closed as a result of the desecration.

Late this afternoon it became apparent that the strike agitators were preparing to create disturbance during the night, and taking steps to insure a strike tomorrow.

Proclamations were issued in the name of the social democratic party calling out all the workmen in the city on a general strike. The warning was also issued to the people generally telling them not to leave their homes tonight.

The Strike in Chicago.

Chicago, May 2.—Employers of labor in Chicago are more determined to have interference by military in the teamsters' strike. Mayor Dunne and Chief of Police O'Neill declare they have the situation well in hand and assert that there is no need of interference on the part of Governor Dineen or of the President, for that matter.

John G. Shemd, of the employers, says the police are doing all in their power, but matters have reached the point where the police need assistance. President Dold, of the Labor Federation, and President Shea, of the teamsters' union, have issued a proclamation to trades unions advising them to adopt no means of violence under any circumstances and cautioning all the teamsters to remain at their places of employment until requested by the committee in charge to leave. Union leaders maintain that there is no need of soldiers and say what scattered acts of violence have been committed have been unauthorized and probably done by persons in no way affiliated with labor unions.

Fifteen hundred strike breakers already in the city were reinforced by 500 more this morning. Agents of the employers are enlisting drivers in nearly all big cities. A majority of the strike breakers are negroes. All the new men are paid the union scale of wages and assured that their positions are not temporary.

Money is pouring in from employers in other cities to aid the business men in their fight. Associate employers here not directly affected by the strike are also giving financial aid.

Secretary Job, of the Employers' Association, received an anonymous letter Monday saying that if he did not sever his connection with the association his house would be blown up.

The Employers' Association has notified owners of teams and mercantile firms that they must deliver goods to firms against whom strikes have been declared or forfeit their contracts. Five of these concerns are the largest in the city and control the greater part of the railroad freight business.

Today's shooting began shortly before 11 o'clock, when a caravan of wagons passing along Wabash avenue became stalled for a moment in a crowd. As the drays stopped, Henry Schultz, 36 years old, a member of the crowd stepped forward and, the police say, cast a missile at F. E. Carter, a negro guard. Carter, it is claimed, immediately fired, the ball striking Schultz in the right side, glancing from a rib. Schultz was taken to the county hospital, and Carter placed under arrest.

Some minor disturbances are reported in other localities.

Postmaster General Cortelyou.

Cleveland, O., May 2.—Following the announcement from Washington that Postmaster General Cortelyou is being considered for the presidency of the Equitable Life Assurance Society, with a salary of $100,000 a year, comes another report from Washington that in the event of Cortelyou's acceptance of the Equitable position, Elmer Dover will be considered for the postmaster general. Dover was the late Senator Hanna's secretary and is now secretary of the national republican committee. Dover left last night for New York and Washington. "The story about Cortelyou is news to me," said Dover, "and if he has been offered such a position he actually deserves it. I expect to spend a few days in New York, and Saturday I will see Cortelyou in Washington by appointment." Dover was told that Washington dispatches said his name was being considered for the position of postmaster general in the event of Cortelyou's resignation. "Well," said the former secretary of Senator Hanna, "if that offer is made I shall have to consider it for at least twenty minutes." Dover and his assistant, Secretary Fisher, are now preparing a book from the letters of Senator Hanna.

The Nan Patterson Case.

New York, May 2.—Assistant District Attorney Rand began his final summing up in the trial of Nan Patterson, this morning. The court room was crowded. In concluding his argument he said: "There is no thread of evidence in this case, to show suicide. The theory of suicide is absolutely inconsistent with everything we know of the facts in the case. Caesar Young never shot himself." A recess was then taken.

State Board of Education.

[Special Dispatch to the Alexandria Gazette.]

Richmond, May. 2.—The Board of Education resumes its work tonight. It has disposed of uncontested cases down to the letter "P." The board will hold an investigation as to the school register matter tomorrrow and will take all the week to elect superintendents.

Battleships for Turkey.

Constantinople, May 2.—The Turkish government has placed an order for an armored cruiser with the Cramps Shipbuilding Company, of Philadelphia. Orders for two other protected cruisers have been placed in France, and it is expected that still others will follow shortly. The Sultan is ambitious to raise Turkey to the position of a fourth class naval power, and this accounts for the activity in ordering new vessels. At the same time steps are being taken toward increasing the efficiency of the army. The order for quick firing guns, which was placed with Germany some time ago, has been increased to 250 batteries. Every army corps in European Turkey is to be supplied with these new rapid fire guns.

Will Visit Chicago.

Glasgow, May 2.—General Manager Dalrymple, of the municipal tramway, who will go to Chicago to instruct the authorities there as to the methods employed by Glasgow, in managing her own street railways, will sail on May 20. Since the invitation extended by Mayor Dunne was accepted by the Glasgow authorities, Mr. Dalrymple has received numerous letters worning him not to go to Chicago, and containing threats against him in case he disregards the warnings. These letters have not alarmed Mr. Dalrymple, however, and he is preparing to start on the trip. He believes he will be able to give the Chicago authorities a great deal of light on the subject of municipal ownership of tramways.

Bank Robbed.

Binghamton, N. Y., May 2.—The Gilbertsville National Bank was entered and robbed this morning at 2 o'clock. The people hearing the explosion came into the street to learn the cause, and were promptly held at bay by five armed men. The vaults were blown to pieces and the building itself was slightly damaged by the explosion. The amount taken is not known. The robbers cut all the telegraph and telephone wires. This morning, a few miles from town, two carriages were found. One carriage was broken and the horse of the other was down. It is supposed the robbers were forced to the woods and their capture by a band of armed men may speedily follow

Conditions in the Balkans.

Vienna, May 2.—The Nieue Frie Presse states that the interview between Count Goulchowski, the Austrian Minister of Foreign Affairs, and Signor Tittoni, the Italian foreign Minister, which was held at Venice, has greatly improved the chances for a continuance of peace in the Balkans. The present territorial conditions in Macedonia will be maintained and the duty of management of Macedonian affairs entrusted to Austria, and Russia will be prolonged. Reforms will be worked out gradually. A new system of financial control will be established under the direction of English, French and Italian commissioners.

Eighteen People Killed by Cossacks.

Vienna, May 2. Telegrams received here from Kamienc, Russia, say that laborers from the village of Grodek, which is about 35 miles northwest of that city, set fire to a farm house near the town today. A detachment of Cossacks was sent to the scene to preserve order. When the soldiers arrived on the ground they fired into the crowds indiscriminately, killing eighteen and wounding twenty-four. Some of the injured are not expected to live. The soldiers captured 84 of the laborers who were taken away as prisoners in chains.

Wynne Denies Allegations.

London, May 2.—Robert J. Wynne, United States Consul General here, who is named as one of the defendants in the suit brought by Miss Mae C. Wood, who claims she was the victim of conspiracy by which love letters and manuscripts in relation to her controversy with Senator Thomas C. Platt, were taken from her, denies the allegations made by Moss Wood against him. Mr. Wynne is preparing to leave London for America on Saturday. Private business matters which must be attended to are responsible for his trip.

Germany and Morocco.

Tangier, May 2.—Count von Tatenbach, head of the German mission sent to the Sultan of Morocco, started from this city for Fez, this morning. A great crowd of Moors bade him farewell, hailing the German representative as the defender of Morocco. Count von Tatenbach said that the principal object of his mission is to maintain the independence of Morocco. He declared that he will not leave Fez until he is certain that the Sultan will do nothing which will endanger the policy of the open door in Morocco.

Quiet in St. Petersburg.

St. Petersburg, May 2.—There has been perfect order in this city all day. Quiet reigns everywhere, and there has been no sign of disorder. The streets present the usual appearance, and apparently there is not the slighest probability of any disturbance.

Coal Tipple Destroyed.

Bluefield, W. Va., May 2—The Norfolk & Western Railroad coal tipple, used for coaling engines here, was destroyed by fire this morning. The tipple was one of the finest of its kind in the country and was recently erected at a cost of $100,000.

New York Stock Market.

New York, May 2.—The principal controlling influence to strength in the stock market was the favorable attitude of foreign houses. It was not so much the actual purchases as the influence of the large absorption yesterday, and the cables from the other side representing a wide revival in foreign interests in Americans. The market strengthened, which was credited to the influence of rumors regarding the more harmonious state of affairs in the Pacific Northwest Atlantic Coast Line gained 3 per cent. and Louisville & Nashville 1 per cent., the movement tending to confirm the belief that closer relations between the two properties were being gradually worked.

Son Lost Mother.

"Consumption runs in our family, and through it I lost my mother," writes E. B. Reid, of Harmony, Me. "For the past five years, however, on the slightest sign of a Cough or Cold, I have taken Dr. King's New Discovery for Consumption, which has saved me from serious lung trouble." His mother's death was a sad loss for Mr. Reid, but he learned that lung trouble must not be neglected and how to cure it. Quickest relief and cure for coughs and colds. To Continue X-Ray Treatment.

President W. R. Harper, of the University of Chicago, has gone to New York to continue the X-ray and fluorescent treatment he has been taking in Chicago. This was the information given out at the university yesterday concerning the mysterious departure of Dr. Harper Saturday night. At that time no information concerning his destination was given, but it was merely said he was going away on official business and for rest. The sudden trip of Dr. Harper has aroused fresh anxiety concerning his condition. Dean Harry Pratt Judson says Dr. Harper is doing as well as could be expected, but the words convey scant comfort to the friends of the suffering president. It is said Dr. Harper will be the guest of John D. Rockefeller, in New York, and that he will make trips at intervals to Lakewood, N. J., where he will be treated by Dr. McBurney, the surgeon who operated on him in Chicago. It is expected he will be absent from Chicago two weeks. At the Harper residence absolute silence is maintained concerning Dr. Harper's condition and the reason for his trip to the east.

City Troop of Calvary.

The Capital City Troop of cavalry held a meeting at its armory, 448 L street northwest Washington, Friday night last. The organization, composed strictly of ex-calvary soldiers, honorably discharged from the United State regulars or volunteers, has been in existence about a month and has already, it is stated, over seventy names enrolled. The meeting was called to order by Chairman O. H. Lake. Oden H. Lake, the first to agitate the formation of the proposed troop, was nominated for the position of captain and was elected without opposition. He made an interesting talk in behalf of the troop. Capt. Lake is a former member of Troop E, 6th United States cavalry, stationed at Ft. Myer. He is an expert horseman, a bareback rider and made an excellent record as a soldier in the Spanish-American war. Preparations are being made to place the roster before the officials of the District militia, and it is expected that it will not be longer than a week, if the troop is acceptable, until it becomes a part of the District National Guard. Capt. Lake speaks of his company as being composed of disciplined men and hopes it will be a credit to the District of Columbia. Capt. Oden Lake is a Virginian by birth, and is a son of the late Thos. W. Lake, of Loudoun county, a Confederate officer in the 43rd Battalion of Virginia Cavalry, under Col. Mosby. He will doubtless make an excellent officer, as he is liked by all. He started his military career in 1896, served through the Spanish war and Boxer uprising in China.

Unconstitutional.

Judge Martin handed down an important decision in Norfolk yesterday holding to be unconstitutional the Virginia statute which makes every railroad and common carrier responsible for damages and losses to freight by delay when it is the initial carrier, whether or not there is a specified contract that the road receiving the freight will only be responsible for the same while on its line, and not after it passed to a connecting line. The judge holds that the law is contrary to interstate commerce decisions handed down by the Supreme Court of the United States.

Bars on Steamers Abolished.

The bars on seven of the steamers of the Weems Line and the Chester River Line were abolished yesterday by order of Capt. Willard Thomson, manager of the Maryland, Delaware and Virginia Railroad Company, formed to take over the respective lines, including the Queen Anne's Railroad Company. The bars were abolished on all the other boats of the Baltimore, Chesapeake and Atlantic Railway Company when Captain Thomson assumed the management of the company's affairs, several years ago.

BREVITY IN PUPLIT.

A "Seceder" who Possesses the Virtue

Rev. Oliver Johnson's sermons are notable for their clearness, soundness and brevity. He seldom speaks over twenty minutes and sometimes not more than fifteen minutes; but he wastes no words. There is food for thought in every sentence, and in each of his well-rounded discourses enough plain gospel truth for no end of profitable reflection. —[Yorkville, S. C., Enquirer.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucuous surfaces.

Fra Diavolo.

The ever-popular musical organization "Sharps and Flats" presented at the Opera House last night Auber's "Fra Diavolo," in three acts. This organization has presented many operas in this city, and last night's production was another success. The Opera House was crowded by Alexandria's representative people, and the performance was perfectly smooth throughout, something unusual for amateur work. The honors of the opera clearly belong to Miss Myra Lee Civalier, whose singing was excellent and was heartly applauded, her voice having improved wonderfully in the last year. The splendid voices of the other singers in the leading roles are well-known in this city and Washington, and were, of course, up to their usual high standard. The comedy work of Messrs. Evans and Caton was indeed excellent and commendable. None of the comedy was over-acted, but just enough given to make it laughable. All the parts from the leading to the minor were well sung, and the entire production was good. The opera, as well as the orchestra, was under the direction of Mrs. M. W. O'Brien, who has worked hard for the success of all of "Sharps and Flats" operas, and to her excellent supervision is due the good production. The following was the cast of characters:

Fra Diavolo, Mr. M. Harry Stevens; Lord Allcash, Mr. Wm. Clabaugh; Lady Allcash, Miss Edna Scott Smith; Lorenzo, Mr. L. F. Randolph, jr.; Matteo, Mr. J. Harris Franklin; Zerlina, Miss Myra Lee Civalier; Beppo, Mr. Harry B. Caton; Giacomo, Mr. George H. Evans; Francesco, Mr. Edward S. Fawcett; Roberto, Mr. A. C. Moss; First Carbinier, Mr. T. N. Jones.

Chorus—Carbiniers, Messrs. Barrett, Bryant, Burke, Dent, Douglas, Herbert, Stoutenburgh; Peasants, Messrs. P. Hulfish, P. Knox, H. McCuen, P. Waller, W. Waller, B. Wheatley, J. T. Ashton; Peasants, Mrs. Bartels and Misses G. Anderson, L. Anderson, M Bryant, A. Chinn, J. Ewing, M. Ewing, E. Grimes, G. Hudson, L. Kelsey, L. Steiner, A. Stoutenburgh. The orchestra was composed of Mrs. M. W. O'Brien, director; Mr. Sherman B. Fowler, pianist; Mrs. Frederick Russell, assistant pianist, and Messrs. E O. Weber, Frank King, Henry P. Werres, Jacques Vanpouche and George Bahr. "Sharps and Flats" was ably assisted by the Old Dominion Boat Club. The opera will be repeated tonight.

R. E. Lee Camp.

The regular monthly meeting of R. E. Lee Camp, Confederate Veterans, was held at their hall last night, with a large attendance of members, Commander John M. Johnson presiding. One new member was elected. The committee appointed to prepare resolutions on the death of Comrade Andrew Sullivan made their report which was adopted. The committee on the observance of Memorial Day reported progress. the commander announced that Major Holmes Conrad, of Winchester, would deliver the address on that occasion. Communications from the Bethel and Gordon Monument Associations were read and laid over for future action.

The following resolutions on the death of our late Comrade and member, General Fitzhugh Lee, were adopted:

Whereas, R. E. Lee Camp, No. 2, Confederate Veterans, of Alexandria, Va., desires to put on record an expression of its deep sorrow upon the death of this noble Virginian, General Fitzhugh Lee, lately deceased, and its appreciation of his worth, therefore be it

Resolved, That we tender our deepest sympathy to the family of General Lee in this great sorrow which has come upon them so suddenly.

Resolved, That the services of Gen. Fitzhugh Lee, as a cavalry leader during the sectional war, as Consul General at Havana in the critical period just before the outbreak of the war with Spain and as Governor of Virginia, were such as to place his name high on the roll of fame, and to show that he was worthy of the name he bore.

Resolved, That these resolutions be spread upon the minutes of the camp and that a copy be sent to the widow of Gen. Fitzhugh Lee

The resolutions were seconded by Comrade Johnson who spoke in an able and impressive manner of the noble qualities of the deceased.

Comrades John S. Blackburn, Edgar Warfield and W. A. Smoot were appointed a committee to prepare a complete roster of the camp.

Lee Camp has made arrangements for securing special rates from the Washington Southern Railway for those who wish to attend Gen. Lee's funeral in Richmond on Thursday. Under these arrangements $3.50 will be charged for a round trip from this city to Richmond and return. These tickets will be good on all trains on Wednesday, May 3rd, and on the early trains, including the 11:05 a. m. train, on Thursday, the 4th. These tickets are good to return until Friday the 5th.

Athletic Sports.

The track athletic games of the Episcopal High School near this city will be held on Saturday beginning at 1:30 o'clock. The meet is open to three classes; first class, all boys of Virginia, Maryland and the District; second class, boys under seventeen, and third class, boys under fifteeen. The schools that will take part in the contest are; Jacob Tome Institute, of Port Deposit, Md.; Marston's University School, Boy's Latin School, Milton Academy, Baltimore City College, Baltimore Polytechnic Institute, Friends' School, Country School for Boys—all of Baltimore; St. John's Preparatory, of Annapolis, Md.; Central High School, Western High School, Eastern High School, Technical High School, Georgetown Preparatory, Army and Navy Preparatory, St. John's College, Dupont Circle, the Henry School—all of Washington; Woodberry-Forrest School, of Orange; Fishburne Military Academy, of Waynesboro; Augusta Military Academy, of Fort Defiance; Vienna High School, of Fairfax county.

There will be no meeting of the Woman's Auxiliary to Lee Camp tonight.

Personal.

Mr. and Mrs. Courtland H. Smith are stopping at the Belvedere, in Baltimore.

Among those who attended the german given by the Norfolk-Old Point German Club, at Chamberlin's Hotel, at Old Point on Thursday night last, was Miss Bessie Jones, of this city. Miss Jones also attended a number of other delightful entertainments given in Norfolk last week.

Miss Lucy Brookes who has just returned from a visit to friends in Norfolk was a guest at a number of social functions in that city during her visit there.

Mrs. John Leadbeater and Misses Gatewood, Young and Armstrong will give a tea at the golf house on Friday evening, May 5.

Miss Mary Ball and Miss Mary Gibson, of Richmond, are visiting friends in this city.

Mr. E. H. Kemper, auditor of the Southern Railway Company, has gone to Tennessee on official business.

President Luther, of Trinity College, Hartford, Conn., who is delivering the course of Reinicker lectures, at the Episcopal Theological Seminary near this city, went to Mount Vernon today as the guest of Rev. Dr. S. A. Wallis, of the Seminary.

A Dangerous Place.

The frightening of a horse attached to a buggy at Spring Park and the precipitation of a gentleman and a lady down an embankment last Sunday afternoon brings to mind several similar accidents which have occurred at the same place recently. The electric railway tracks a short distance this side of Hooff's run are considerably higher than the sidewalk on the north. The roadway is narrow and when trains and vehicles pass at the same time there is likelihood of the horses shying or becoming frightened, in which event the vehicles are either backed off the embankment or pulled down the same by the terrified animals. Should present conditions be continued serious accidents to teams are likely to occur.

Political.

The political pot is again simmering, and candidates for municipal offices, together with their friends, are at work. The city democratic committee will hold an adjourned meeting at the Hotel Fleischmann tomorrow night for the purpose of making arrangements for a primary election to be held some time during the latter part of the present month. All city officials save the Mayor and Councilmen will be voted for next November at the general election, when State officers will also be selected.

There will be another primary election during the latter part of the coming summer, at which the Governor, members of the House of Delegates and certain State officers will be selected.

Wants to Divide.

The clerk of the court today received a letter from the secretary of the State Board of Pharmacy stating that under the pharmacy laws one-half of the fine of $50 recently imposed upon Mr. John Entwisle, of this city, for selling cocaine unlawfully, should have been turned over to that board. The letter stated that under the laws the board stands as prosecutor and is entitled to one-half the fines collected for the violation of the pharmacy law. Justice Caton directed the clerk of the court to inform the secretary of the Pharmacy Board that the arrest had been made, the trial held and the fine imposed under the city laws and that the money had therefore been turned into the city treasury.

Rules for Bicyclists.

The death of Prof. Otis T. Bullard in Washington last week from injuries received in a bicycle accident has caused the authorities to issue drastic orders relative to the operation of motor vehicles. Bicycles, it is contended, come under this head and hereafter the bicycle police will arrest any bicyclist who is found violating regulations. The particular section of the regulation which was violated in the case of Professor Bullard was that of operating the machine while the hands were not on the handle bars and the bicyclist powerless to control the machine.

Report Received.

City Attorney Boothe has received from the District of Columbia Commissioners a copy of the report of D. E. McComb, superintendent of sewers, in relation to the sewer to be built from Washington to a point on the District line about a mile and a half above this city. The report is a copy of that of which a synopsis has already been published. It sets forth that the work now being done and contemplated will not interfere with the extension of the sewer to a point below this city.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

Elmer Achenbach, arrested by Officer Young for drunken and disorderly conduct, was released upon a promise to leave the city.

Benjamin Stevens, charged with abusive language toward Wm. Pulman, was turned over to Constable A. J. Payne, of Fairfax county.

Negroes in a Fight.

A difficulty occurred yesterday evening in the northern portion of the city between several colored men over a crap game, during which Willis Thompson, one of the principals, was seriously cut, so much so that he was compelled to seek surgical aid. Several stitches were taken in his wounds. No arrests were made.

New Houses.

Mr. Joseph F. Rodgers has been awarded by the M. Schuler Beef Company the contract for building three brick residences on the northwest corner of King and Patrick streets. These houses will be fine structures with all modern improvements. Indiana limestone will be used for the trimmings. The houses will cost $13,000.

Case Continued.

The case of Ticer vs. City Council, a suit growing out of the paving of King street, which was set for trial for Friday in the Circuit Court for the city, has been continued on account of the absence from the city of Mr. Ticer.

The Montague Club will hold a regular meeting tonight.

Mr. R. D. Rogers will conduct religious services at the Village Chapel tonight.

The weather last night and early this morning was cool. The temperature, however, rose during the day.

The soiree to have been given at the Young Men's Sodality Lyceum May 3, has been indefinitely postponed.

A marriage license was issued in Washington yesterday to Walter Gaddis and Nellie Foster, of Alexandria.

The gillers still report a scarcity of shad. They are selling at from 25a30 cents for buck, and 50a60 cents for roe.

Fredericksburg College baseball team defeated the Episcopal High School nine at Fredericksburg yesterday by a score of 13 to 2.

Messrs. Sidney Goodrich and Harry Richards have accepted the agency of the Manhattan Steam Laundry, and are soliciting patronage in this city.

During the month of April the clerk of the Corporation Court recorded 66 deeds and issued 23 marriage licenses—12 to white and 11 to colored people.

It is more than probable that during this week some of the larger fishing shores along the river will "cut out" as the catch of shad has fallen off to nothing and herring do not pay for the cost of taking them from the water.

Buildings at Rossyln.

The Old Dominion and Great Falls Electric Railway Company is now building at Rosslyn, in the county, a large power house with a capacity of furnishing power for its electric cars and also for supplying power for manufacturing and lighting purposes.

The United States government is now erecting a coal testing plant at Rosslyn at which samples of all coal used by the government will be tested before contracts are given out.

England to Support France.

The British minister to Morocco, Gerard A. Lowther, in an interview with the Temps' correspondent at Tangier yesterday made the first official declaration that the purpose of his visit to Fez is to support French policy in Morocco. He said:

"When I first arrived at Tangier I did not expect to present my credentials to the Sultan before the autumn, but under present conditions I start for Fez in three weeks. My mission will not be merely to draw up a protocol. It will embrace also the questions under that clause of the Franco-British accord in which the two governments mutally engage to lend their diplomatic support to the execution of that convention. My government is all the more desirous to fulfil this duty since the French proposition submitted to the Sultan of Morocco strictly conforms to the spirit of the accord of April 8, threatening the interest of no third power, guaranteeing the security of Morocco and providing for the gradual development of the country without transition."

Mr. Lowther's statement controverts the view of the German official press that he goes to Fez merely to present his credentials, and is in line with the understanding of the officials in Paris concerning the purposes of his visit. Therefore, they say the French mission at Fez is not likely to press its negotiations until Mr. Lowther arrives, when united influences will be brought to bear.

John Conroy, who was arraigned in Bow street police court, London, today on the charge of embezzlement made by the authorities at Washington, was committed for extradition.

Destruction of a Flour Mill.

The Orange Grove Flour Mill, on the Baltimore and Ohio railroad, three miles from Catonsville, Md., built of brick and five stories high, belonging to the C. A. Gambrill Manufacturing Company, was burned to the ground last night, together with all its extensive machinery and a large quantity of wheat stored for grinding. The fire was discovered about 7 o'clock in the basement of the engine room. The flames were soon seen for miles around. The Orange Grove Mill was the largest of the kind in Maryland, having a daily capacity of from 1,200 to 1,500 barrels of flour. The Orange Grove Mill and its equipment were worth upward of $200,000. The amount of insurance carried is not known. During the progress of the fire trains could not pass on the Baltimore and Ohio railroad at Orange Grove, the mill having been situated near the tracks. Several dwellings near the mill were destroyed. The Orange Grove Station of the Baltimore and Ohio Railroad was burned, together with a number of outbuildings.

All the houses destroyed belonged to the C. A. Gambrill Manufacturing Company. The mill employed 35 hands. During the fire several explosions of kerosene oil were heard.

The Metropolitan for May, which has been received from its publishers in New York, is exceptionally beautiful in its make-up, and is of absorbing interest. "West Point and Our Military Future," by Col. Charles W. Larned, with an introductory paper by Gen. Fred. D. Grant, is its leading article. The drama for the month is reviewed by James Huneker. "The World at Large" is filled with timely information about prominent people. The second instalment of Jack London's story, "The Game," is a strong feature. Another instalment of Katherine Cecil Thurston's novel, "The Mystics," adds to the interest of this issue. An extraordinary detective story, "Outside the Law," begins this month. An "Uncle Remus Story," other good short stories, poems, etc., complete this number.

HAMLINS
WIZARD OIL

No time should be lost, because lung trouble may easily develop into pneumonia or consumption. Hamlins Wizard Oil, applied to the chest, relieves the pain and inflammation, loosens up the cough and soon cures the disease.

"My little girl," writer Rich. W. Thornton of Quray, Colo., "suffered more or less with a cold on the lungs since her birth, and finally the trouble became serious. No remedies gave relief, until we tried Hamlins Wizard Oil, one bottle of which permanently cured her." Price 50c and $1.00.

How a Chinaman Smokes.

Of all smokers the Chinaman goes to the greatest trouble and obtains the least result. "He carries," says an observer, "a little box almost twice the size of an ordinary silver cigarette case. This is half filled with water. In one end is a removable tiny tube to serve as a pipe. At the other end is the pipestem. First of all he takes out the tube and blows through it to remove all blockage. Then he fumbles through his awkward clothes, searching for tobacco, and produces a bit of rag, in which it is wrapped. Carefully he extracts a wad of tobacco, puts away his rag and slowly plugs the tube, which holds perhaps the tenth part of an ordinary cigarette. But he never has any matches, so he has to borrow or hunt out a brown paper stem and light it. It glows for a long time and can be puffed into flame again. He gives a long draw, slowly enjoying it to its full extent for a minute or two, then back again through the old routine to find his tobacco, fill his pipe and get it lighted."

Remarkable Escapes.

One of the most remarkable escapes from drowning on record was that of a man whom a wave picked off from a vessel, washed into the sea off Lundy island, near the Devonshire coast, England, and then returned to his ship. But it was not so remarkable a case as that which is suggested by an epitaph said still to exist in Jamaica; "Here lieth the body of Lewis Gaidy, Esq., who died on the 22d of September, 1737, aged 80. He was born at Montpellier, in France, which place he left for his religion and settled on this island, where in the great earthquake, 1672, he was swallowed up and, by the wonderful providence of God, by a second shock was thrown out into the sea, where he continued swimming until he was taken up by a boat and thus miraculously saved. He afterward lived in great reputation and died universally lamented."

"Esquire" and "Gentleman."

The words "esquire" and "gentleman" are among those which fall from our lips daily, and yet most of us would be rather puzzled to say in precise language what we mean by them. In a county court case a schoolmaster was ruled out of the "gentleman" list. Legal distinctions on the point have been anomalous. The following are not "gentlemen:" A buyer of silks, a solicitor's clerk out of regular work, a commission agent and an audit office clerk. On the other hand, the following have been held "gentlemen"—viz, one following country pursuits and a sleeping partner in some business, a medical student, a dismussed coal agent out of work and a person living on a parent's allowance.—London Law Times.

A Curious Advertisement.

An old London paper contains the following curious advertisement: "Wanted, a man between twenty and thirty years of age to be a footman and underbutler in a great family. He must be of the Church of England and have had the smallpox in the natural way. Also a woman, middle aged, to wait upon a young lady of great fashion and fortune. The woman must be of the Church of England, have had the smallpox in the natural way, very sober, steady and well behaved and understand dress, getting up lace and fine linen and doing all things necessary for a young lady that goes into all public places and keeps the best company. Inquire of the printer of this paper.—Oct. 1, 1774."

The Madness of War.

So wars are begun by the persuasion of a few debauched, harebrain, poor, dissolute, hungry captains, parasitical fawners, unquiet Hotspurs, restless innovators, green heads, to satisfy one man's private spleen, lust, ambition, avarice, etc. Flos hominum, proper men, well proportioned, carefully brought up, able both in body and mind, sound, led like so many beasts to the slaughter in the flower of their years, pride and full strength, without all remorse and pity, sacrificed to Pluto, killed up as so many sheep for devil's food, 40,000 at once.—Burton's "Anatomy of Melancholy."

"I Thank The Lord!"

cried Hannah Plant, of Little Rock, Ark., "for the relief I got from Bucklen's Arnica Salve. It cured my fearful running sores, which nothing else would heal, and from which I had suffered for 5 years." It is a marvelous healer for cuts, burns and wounds. Guaranteed at E. S. Leadbeater & Sons' drug store; 25c.

There Is a Difference.

The difference between Kennedy's Laxative Honey and Tar and all other Cough Syrup is that it moves the bowels, thus expelling a cold from the system. This relaxes the nervetissues and by its healing effect on the throat and lungs the cough is relieved—cured entirely. Kennedy's is the original Laxative Honey and Tar and contains no opiates. Good alike for young or old. Tastes good. Sold by W. F. Creighton, 401 King street, and corner Queen and Patrick street.

Serious Stomach Trouble.

I was troubled with a distress in my stomach, sour stomach and vomiting spells, and can truthfully say that Chamberlain's Stomach and Liver Tablets cured me.—MRS. T. V. WILLIAMS, Laingsburg, Mich. These tablets are guaranteed to cure every case of stomach trouble of this character. For sale by Gibson & Timberman and W. F. Creighton & Co.

FOR OVER SIXTY YEARS

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhœa. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

Strictly Genuine.

Most of the patent medicine testimonials are probably genuine. The following recently appeared in the Aitcheson (Kan.) Globe: "Joe Tack, a well-known engineer, running on the Missouri Pacific between Wichita and Kiowa, lately appeared in a big one, with a picture, and when he was in this office today, we asked him about it. He says he had terrific pains in his stomach, and thought he had cancer. His druggist recommended Kodol and he says it cured him. He recommended it to others who were also cured." Kodol Dyspepsia Cure digests what you eat and cures all stomach troubles. Sold by W. F. Creighton, 401 King street, and corner Queen and Patrick streets.
